

NATIVE PLANT NURSERIES IN WISCONSIN

- Nurseries which primarily carry plant material native to Wisconsin and adjacent states
- Nurseries which carry native midwestern, non-native, and/or wild-dug plants

This list was compiled by the Bureau of Endangered Resources, Wisconsin Department of Natural Resources. This list does not imply any endorsement or recommendation by the Wisconsin DNR. Revisions or additions to the list should be sent to BER, WDNR, PO Box 7921, Madison, WI 53707 (Attn: Kelly Kearns), phoned in at (608) 267-5066, or e-mailed to Kelly.Kearns@Wisconsin.gov.

Nurseries Which Primarily Carry Plant Material Native to Wisconsin and Adjacent States

The following companies, individuals, and organizations may be able to provide you with seed or plants native to Wisconsin or the Midwest. Except as noted, seeds and plants are generally nursery grown.

When doing any plantings to restore or re-create a natural area, it is best to obtain seed or plants from as close to your planting site as possible. Most nurseries are willing to tell you the source of their plants; ask for the source if your intent is to purchase nursery-propagated plants or locally obtained seed. All out-of-state nurseries listed are within approximately one hundred miles of Wisconsin.

Agrecol carries over 200 species of upper Midwest genotype grass, sedge, legume and forb seed and plants for prairies, savannas, wetlands and woodlands. Address: 2918 Agriculture Dr., Madison, WI 53718. Phone: (608) 226-2544. Fax: (608) 223-3575. Email: ecosolutions@agrecol.com. Web: www.Agrecol.com.

Applied Ecological Services—See **Taylor Creek Restoration Nurseries**
